

Resumes of Executives & Department Managers

Kohnen-Starkey, Inc.

Kevin Kohnen, President

Kevin has over 23 years of construction management and estimating experience covering a wide range of projects in Commercial, Industrial, Medical, Public, Transportation, and Federal Sector work. He is experienced in all aspects of hard bid, conceptual, and design-build projects, as well as preconstruction cost controls involving cost estimating, cost analysis, and value engineering. Kevin holds a Bachelor of Science degree in Construction Management.

Mark Starkey, Vice President

Mark has over 21 years of construction management experience and has established himself as a technical expert on government projects, having managed multiple large, complicated, federal and local government projects. He is highly experienced in working on projects that are time sensitive and involve coordination with ongoing operations and tenants. Mark holds a Bachelor of Science degree in Construction Management.

Bruce Lyall, Electrical

Bruce has over 30 years of experience in the estimating, design and construction industry. He is an accomplished Electrical Estimating and Design Manager with a strong background in all disciplines of the design and construction industry. Bruce also has extensive knowledge of green building cost, life cycle cost analysis and cost benefit analysis. Bruce holds a Bachelor of Science degree in Electrical Engineering.

Bill Forrest, Mechanical

Bill has over 15 years of experience in estimating and project management in mechanical construction. His knowledge base covers a wide range of projects in Retail, Commercial, Bio, Medical and Transportation. Bill gained invaluable on-site project management experience while working for one of the largest mechanical contractors on the East coast. Bill holds a Bachelor of Science degree in Construction Management.

Bryce Russell, Scheduling

Bryce has over 16 years of construction experience in the Commercial, Industrial, Public, Transportation, and Federal Sector. He is experienced in construction management having served as a corporate scheduler, project controls manager, assistant safety director and quality control inspector. He has extensive experience in the CPM scheduling needs for Design, Pre-Construction, Procurement, Construction and more.
